Re: Adrian Enterprises
825 Cantwell
Corpus Christi, Texas 78408

To Whom It May Concern:

Journeyman Construction's experience with the firm of Adrian Enterprises has been wonderful. The employees are very knowledgeable about the plans and specifications. They are very responsive on preparing submittals, and coordinating with other trades. They have successfully completed the following projects for Journeyman Construction:

Mathis Middle School	\$ 850,000
Santa Gertrudis School	\$ 1,300,000
CCISD Lab Renovations	\$ 250,000

The work was completed in a timely manner and each School District is very pleased with the quality of the finished product. All projects were completed with minor punch list items. The team was successful in consistently moving the projects forward and opening at a time when the School District needed the facilities. It deserves mention that Adrian Enterprises staff has been very professional and easy to work with.

I have also worked with Marty Adrian on many other projects when I was with Moorhouse Construction. Journeyman would be pleased to work with Adrian Enterprises on future projects should the right opportunity exist, and we are glad to recommend their firm to your project.

Sincerely,

Journeyman Construction, Inc.

Gary Willard
Regional Vice President
